

WORK EXPERIENCE**INTERNATIONAL GROWTH CENTRE OF THE LONDON SCHOOL OF ECONOMICS**

Kampala, Uganda

Nov 2023 – Dec 2024

Project Manager

- Lead the implementation of the evaluation of Aceli Africa. The research project aims to understand the impact of access to credit on agri-SMEs. This research is led by PIs Vittorio Bassi (USC), Rocco Macchiavello (LSE) and Lorenzo Casaburi (UZH).
- Prepared the design and methodology for a new RCT in Zambia, while overseeing data collection and conducting research analysis for the ongoing project in Uganda.
- Managed communications with key stakeholders, including Bank of Uganda and Uganda Revenue Authority.

EUROPEAN COMMISSION, DIVISION OF ECONOMIC AND FINANCIAL AFFAIRS

Bruxelles, Belgium

Oct 2020 – Nov 2023

Economic Analyst - Unit Macroeconomic Imbalances and Adjustments

- Developed analytical tools for macroeconomic analysis, including databases, dashboards, graphs, and data download automation.
- Monitored and assessed macroeconomic imbalances in multiple countries, in particular current account imbalances.
- Co-authored an institutional paper titled '[External Sustainability Analysis: Thematic Note for In-Depth Reviews](#)'
- Analyzed the energy price shock from the Russian-Ukraine conflict on household expenditure, publishing an article on VOXEU titled '[Targeted income support is the most social and climate-friendly measure for mitigating the impact of high energy prices.](#)'
- Collaborated on an algorithm improving SMEs representation in the ORBIS database to assess corporate indebtedness
- Contributed to housing market analysis for the creation of the European-level regional house-price database "Mapadomo" and presented findings at an [international workshop](#).
- Supervised multiple trainees. Initiated and led the Data Skill Transfer Initiative, organizing weekly capability-building sessions for colleagues.

BRAC UGANDA

Kampala, Uganda

Jun 2019 – Oct 2019

Research Assistant

- Collaborated on an economic research project titled "*Firm Level Technology Adoption and Investment in Training in Uganda*." The primary aim was to investigate whether firms faced constraints in their technology investments due to a lack of skilled workers and environmental concerns. This research was led by PIs Vittorio Bassi (USC), Tommaso Porzio (CU), and Esau Tugume (BRAC).
- Managed field data collection, trained enumerators, and improved data tools.
- Contributed to the analysis of research findings and supported project management activities for impact evaluation.
